

2010 International Kids Teaching Kids Coastal Conference

Workshop Plan

Teacher name:	
School:	Mansfield Primary School
Year level:	7
Presentation Title:	Creek Kids for Life
Name of Mentor	
Describe your presentation	The presentation will be a game show. It will be about our catchment area and we will have 3 categories. Flora and Fauna, Waterway Health, and Reducing our Carbon Footprint. The game show will be interactive and we will present facts through game strategies and reflect through quizzes and questions.
Type of Presentation (Please circle/highlight those being used)	PowerPoint <u>Song</u> Dance <u>Quiz Show</u> Debate Experiment Craft Interview Models Cooking <u>Physical Game</u> Drama Role play Poem Other, please specify:
Please describe how you would use the	The workshop group/audience will be involved in the game show where activities or interactive games will encourage them to take part in learning about our local area. We will also focus on the 5 senses during all the games

above presentation types in your interactive presentation:	therefore identifying things through the senses will be the main focus.
--	---

<p><u>Workshop Aims / What do we want our audience to learn?:</u></p> <p>We want the audience to learn that everything we do impacts on our local catchment area. We are contributing to the many problems that exist causing damage to the environment. We want to promote safe practices to ensure our catchment is protected and respected. We will show how it affects waterways, flora and fauna and ways we can reduce our carbon footprint.</p>
<p><u>How will we share the things we've learnt about the topic?</u></p> <p>We will have a song and we will be providing all workshop participants with a brochure highlighting our topics and ways we can help the environment and especially our local catchment area.</p>
<p><u>What will we need for our workshop? (MENTOR?, Props, models, pictures, computers, tables, cleaning products)</u></p> <p>Projector, projector screen and we will be providing our own laptop. An interactive whiteboard would be excellent however we will come prepared knowing we may not get one.</p>
<p><u>What similar presentations have we done that may help? (public speaking, drama, talking at assembly)</u></p> <p>Running assemblies, environmental club, school plays, promoting environmental issues</p>
<p><u>What roles do each of us (presenters) have in our presentation? (time keeper, MC, researcher, multimedia manager)</u></p> <p>We will have a host (1) Then we will break into 3 groups – Waterway Health (3)</p> <ul style="list-style-type: none"> - Flora and Fauna (3) - Reducing Carbon Footprint (3)
